A complimentary practical resource for visionaries.

WELCOME & HOW TO USE THIS GUIDE

This resource is designed for exploration and practical action. Read one section at a time, follow the steps, study the example, and write your own responses. Your progress does not need to be perfect to be meaningful.

The FHW philosophy

MINE: discover what is already valuable. STEEP: prepare thoughtfully. SIP: reflect and recognize progress. FLOURISH: share your work and make a meaningful contribution.

Important notice

MINE | Take inventory

Identify the skills, experiences, problems solved, and topics people ask you about.

STEP-BY-STEP

1. Write down ten things you know how to do, even if they feel ordinary.
2. Circle three that you enjoy explaining or demonstrating.
3. For each, identify who might benefit and what problem it could address.

WORKED EXAMPLE / RESOURCE

Example: A salon professional who often explains scalp care may have knowledge suitable for an educational checklist.

YOUR TURN

List three strengths and the people each could help.

Write your response:

STEEP | Refine the idea

Turn one broad interest into a focused and useful offer.

STEP-BY-STEP

1. Choose one audience and one specific problem.
2. Write a clear outcome without promising guaranteed results.
3. Select a practical format: guide, workshop, template, service, or community discussion.

WORKED EXAMPLE / RESOURCE

Example: Instead of "help with business," try "a first-week social media planning worksheet for new beauty professionals."

YOUR TURN

Complete: I help [audience] explore [problem] through [format].

Write your response:

SIP | Test with real people

Learn what people actually need before investing heavily.

STEP-BY-STEP

2. Create a one-page sample or outline.
3. Invite honest feedback and record recurring questions.

WORKED EXAMPLE / RESOURCE

Example: Share a sample worksheet with three peers and ask which instructions are confusing.

YOUR TURN

Write three feedback questions.

FLOURISH | Plan the first release

Translate the idea into a realistic action sequence.

1. Pick one deliverable you can finish in seven days.
2. Choose a simple distribution method.
3. Set a review date and define what success would look like.

WORKED EXAMPLE / RESOURCE

Example: Draft a three-page guide, test it, then offer it as a free download.

YOUR TURN

Write your next action, deadline, and how you will measure progress.

Write your response:
